## Steering Committee

Iris Bahar	Laleh Behjat
Sanjukta Bhanja	Erik Brunvand
Ronald DeMara	Deming Chen
Yiran Chen	Jie Han
Houman Homayoun	Yehea Ismail
Alex Jones	Hai (Helen) Li
Fabrizio Lombardi	Enrico Macii
Martin Margala	Tinoosh Mohsenin
Gang Qu	Avesta Sasan
Ioannis Savidis	Ken Stevens
Baris Taskin	Himanshu Thapliyal
Zhiyuan Yan	Weisheng Zhao
Victor Zhirnov	Hai Zhou

## Call for Special Session Proposals

The 34<sup>th</sup> edition of GLSVLSI will be held as in-person conference. We would also like to invite proposals for special sessions in GLSVLSI 2024. Proposals that address any topics of interest to the GLSVLSI community, and take the form of any format (e.g., panels, hot-topic sessions, embedded tutorials, debates) are all welcome. Special sessions typically run for 1.5-2 hours. Each speaker at a special session has the opportunity to include a paper of up to 6 pages, but minimally a 1-page extended abstract is required in the proceedings. All papers/extended abstracts will be reviewed before being published in the official proceedings of the conference. Detailed paper/extended abstract submission instructions will be provided upon acceptance of the proposal.

## Special Session Format

Special sessions can take the form of: (1) panels discussing visionary and/or controversial issues; (2) hot-topic sessions dealing with the introduction and discussion of emerging problems; or (3) embedded tutorials addressing recent technical trends that are of interest to the conference participants.

## Proposal Submission Instructions

Please follow these guidelines while preparing the proposal:

- Prepare a single PDF not exceeding three pages and submit the file to the “special session track”
- Describe the session topic, format, and intended audience
- Include a list of speakers with their biographical sketch and presentation titles/abstracts

Please submit your special session proposal in the form of a single PDF file to the “special session track” on the EasyChair submission site. To be eligible for review, your proposal must be submitted by March 6, 2024. Notification of paper acceptance/rejection will be sent by April 6, 2024.

Please contact **Soheil Salehi** and **Kanad Basu** at their emails <[ssalehi@arizona.edu](mailto:ssalehi@arizona.edu)> and <[kanad.basu@utdallas.edu](mailto:kanad.basu@utdallas.edu)> if you have any questions or need additional information.

## Important Dates

Proposal Submission Deadline: March 6, 2024

Notification of Acceptance/Rejection: April 6, 2024

Camera-Ready: April 12, 2024

By submitting your article to an ACM Publication, you are hereby acknowledging that you and your co-authors are subject to all ACM Publications Policies, including ACM's new Publications Policy on Research Involving Human Participants and Subjects. Alleged violations of this policy or any ACM Publications Policy will be investigated by ACM and may result in a full retraction of your paper, in addition to other potential penalties, as per ACM Publications Policy.

Please ensure that you and your co-authors obtain an ORCID ID, so you can complete the publishing process for your accepted paper. ACM has been involved in ORCID from the start and we have recently made a commitment to collect ORCID IDs from all of our published authors. The collection process has started and will roll out as a requirement throughout 2022. We are committed to improve author discoverability, ensure proper attribution and contribute to ongoing community efforts around name normalization; your ORCID ID will help in these efforts.
